Death has made sad ravages in Mr. Newcomb's family. He has lost two wives and two daughters in the last six years.

Hunter, of Smalltown, has a stray Poland-China boar black with few white spots on him, about two and one-half years old, weighing about four hundred pounds and marked swallow fork in left ear. —An anomaly in nature can be seen at this office. It is a chicken with four well developed legs. One of the feet has four toes, two have five and the other six. We are indebted to L. S. Smith, Esq., of Centerville district, for this curiosity.

—The little town of Beba will succeed with it her citizens keep on in the present path. They have a Sunday school there in a flourishing condition with 100 registered scholars, and have only been organized for the season for three weeks past.

—E. L. Sullivan's lively stable was full Monday and is so on all public days. The reason is he cares for his customers' horses as it should be done. Every horse left with him receives proper attention and is well fed on the best grain and hay that the country affords. Leave your horses with him and be convinced that every word we have said is true.

—John R. & Wm. Phillips, Proprietors, Hartford Water Mill.

—Samuel Morton, Esq., of Centerville presented us a coin manufactured in the year 1846, resembling in size and appearance a three-cent piece that passed for fifty cents in currency in Louis Philippe's reign. He also gave us a curious growth from the neck of a duck. It seems to be a combination of a part of the wind-pipe and its bread-bird. It is almost as transparent as the purest mica.

—Married, Tuesday, May 1st, 1883, by Rev. John T. Casheley, at the residence of the bride, near Centerville, Judge E. V. Kimbley to Mrs. Elizabeth Dexter. —We had a call from Uncle Wm. Bryant last Saturday. He is 73 years old, never took a chew of tobacco, smoked a cigar or pipe or drank a drink of alcoholic liquors in his life. He never was arrested or sued. In his life, and never served on a jury in the Court house. Is there another such a man in the world.

—The crowds around the Exchange Store increases, daily, more and more; and as they leave, you see them smile. For they have bought the latest style. They all were truly satisfied. —The Agency of the Slinger Sewing Machine Company in this place, are selling machines faster than the Company can supply them. They had to go to Beaver Dam last week to get a lot as soon as they arrived there to supply orders then waiting. The reason is obvious. The Slinger is an excellent machine. Mr. Steele, the agent here, is the right man in the right place and hence the Slinger goes off like hot cakes.

—Hiram Lee, of this county, came to town last Monday and on the way, he accompanied to his neighbor who accompanied him, that money matters with him were so close that he would not like to be tempted by the finding of a pocket book of money. While in town moving around, sure enough, he found a pocket book containing \$100. The temptation was great, but seeing from papers in it that it belonged to Thomas L. Allen, he hunted him up and gave it to him. He says that for years he has been buying his goods at Anderson's Bazaar and that the influence for fair dealing and honesty exerted over him by this one price, square measure and honest count, enabled him to withstand the temptation.

—Sam Pendleton, of color, of this place, went down to Livermore last week on a raft of logs. While there he got too much tannum juice aboard and went into the bar-room of the Field's House and insisted on a game with the vendor of the ardent. The vendor declined at first, but Sam was persistent and the dealer in "tods" soon had \$1.50 of the darkey's money. This enraged Sam, and he had a knife, which he opened and had handle sticking out of his pocket ready for a muss. The bar-keeper saw this and shutting Sam out, and hurried him up by snatching a bar glass over his head. Sam was insensible for a while, but was recovering at last accounts. This is about the substance of what we heard.

—Clean wood in the grease is bringing good prices in Hartford, but it is wholly impossible to get a fair price on burry wood. Parties having wood to sell, will make big money by removing the burrs before bringing it to market, as it won't bring half price in a dirty, burry condition.

—We dropped in to the popular drug store of Thomas & Kimbley last Friday and found Mr. Kimbley quite busy at the prescription case. By actual count we found that he had filled 28 prescriptions already that day. He is very attentive to duty, understands his work, is accommodating to customers and best of all, his prices are popular.

—Dr. H. F. Bean, the attending physician on the family of Joshua P. Barnard, of the Point neighborhood, called on us Monday and informed us that we were in error in stating last week that Mrs. Barnard died from small-pox. Dr. Bean says she did not have small-pox at all, had been well vaccinated and it had taken well, but that she died of inflammation of the stomach caused by over work and exposure waiting upon those who had small-pox.

—We say again and for the last time that we will not put in any communication without the writers name. We will publish the communication over any name, but as a token of good faith the writer's name must accompany the piece. In omission of this, several go to the waste basket this week. We are always glad to hear from our correspondents, but will take the liberty to cut down and condense, according to the space we have.

—Shooting Affray near Mogan.

Last Saturday week, Lige Crow and a man named Karm went to the house of John Mills and got up a row with him. Crow struck Mills with his fist, Karm then handed Crow a pistol, with which he shot Mills, striking him a glancing shot on the head, then mangled his nose with the pistol and left him for dead.

They both bounced one horse and lit out for Owensboro. As they passed Mogan's they told I. Kahn that they would write him what they had done. Mills is not hurt as bad as his assailants thought, and is getting well.
